

Sydney. 10th April 1843.

Dear Sir

Owing to the confusion at the Bank of Australia, I have been obliged to take measures for shifting my affairs to another which has prevented my sending you at the beginning of the month the Draft which I now enclose for £22-10^s making with the previous two an amount of £75. I hope you are going on prosperously with the building: and shall be happy to assist from time to time when you require it.

Believe me to be Yours very sincerely

W. G. Australia
