#### **RECTOR'S REPORT TO VESTRY MEETING 28/2/83**

At the back of our Prayer Book, we have the Thirty Nine Articles and these Thirty Nine Articles are the basis of our faith, Article 19 is entitled "Of the Church." It reads like this — "The visible Church of Christ is a congregation of faithful men, in which the pure Word of God is preached and the Sacraments be duly ministered according to Christ's ordinance.

It is an interesting definition because it firstly speaks of "the visible Church of Christ" and later goes on to speak of the Church being "a congregation of faithful men." It ends by describing what should happen in the Church — "God's Word is to be preached and the Sacraments properly administered.

The visible Church today is not unlike the Jewish synagogue of Old Testament times. Both Jews and "god fearers" gathered in the synagogues to hear God's Word and to worship Him. The Jews were people already committed to trusting God, but the "god fearers" had not as yet submitted to the rite of circumcision, and thus had not confessed faith in God. The "god fearers" came in order to learn more, and when they were prepared to trust God they would be baptised, and circumcised. The point I wish to make is that the congregation in the synagogue was made up of believers and seekers; as the Word of God was faithfully preached seekers came to confess their faith and be baptised and circumcised.

Any healthy congregation in 1983 I believe ought likewise to be composed of both believers and seekers. There is therefore an all important need that the Word of God be preached faithfully and forcibly and that those who love the Lord in the congregation be both prayerful and concerned for their fellow members.

I guess in some ways I am saying that the visible Church must be both evangelistic and pastoral in its outlook. The lost are to be saved and the saved are to be strengthened.

As we look at what has happened in 1982 and plan for what will happen in 1983 we need to measure all our activities by this standard.

As far as Church Services are concerned we must ask, "Has the Word of God been proclaimed and through its proclamation have we been challenged?" It is important that Church Services are times when not one single person present is distracted from seeking God's face.

Here is an area in which we must critically look at ourselves. If through lack of preparation we detract from the act of worship this must be put right. It is in these "little," or so called little things that we attract or turn people away from our Church services. I am not talking of solemnity but of sincerity.

Over the past twelve months we have witnessed little less than a church full of people visiting us, coming to one or more services, but almost to a man, or woman, not continuing. I don't know why, although I do get some answers to my questions occasionally.

It does say this, we need always to see our worship is relevant, reverent and right on God's Word. Continue to pray about this — it seems so important.

One encouragement is the increase in giving. Offertories have increased by over 30% on last years level, but, and this is a serious matter congregations have not likewise increased — they may be the same but not better.

In an attempt to bring young folk into the life of the church I have begun a Friday night group for High School children. This we trust will both encourage those already involved and introduce new folk to the Christian faith. This group should make up our Confirmation Group in a couple of years time.

I do not intend to present for Confirmation any folk who are not regular (and I don't mean every Family Service) worshippers. The sacrament of Holy Communion is for those who have received Christ as Saviour and who worship Him as Lord.

For twelve months I have thought it good to sit back and note how things function in the parish. I am glad I adopted such a policy.

One thing has been my concern wherever I have ministered, that is for the whole congregation to know what is happening in their church, to finances, to changes in services, or just changes in bricks and mortar. I believe such sharing is essential for a real community spirit.

Linked with this openness I also believe that all discussions

possible are to be discussed and decided by the elected representatives of the congregation — the Parsih Council. In 1983 I shall see that this happens. There will be differences of opinions, sometimes mistakes made but I know that this shall strengthen the congregation and give us all a sane look at ourselves and where we are going.

Finally might I say thank you to all who have shared the ministry in 1982, and a special word of thanks to the ladies of the Friday morning Care and Share Group. They say they appreciate our Bible Studies but I tell you they have ministered wonderfully to me. Thank you to all who have remembered us in your prayers. They certainly have been necessary over the past year.

Keep on praying.

**THE SUNDAY SCHOOL REPORT — 1982**

At the commencement of 1982, the Sunday School had a few problems, which were made known to the congregation at

the Sunday Services.

The main problem was obtaining the services of teachers. The lack of teachers created the problem of teaching an age group from 9 to 14 years. This age group uses two levels of lessons.

The primary department of the Sunday School started the year with one teacher and 10 pupils. During the year we welcomed Miss Felicity Flower to the teaching staff. We were then able to split the pupils into a boys and a girls group. There was an average attendance during the year of 75%.

The Kindergarten still has the problem of insufficient number of teachers.

During the year the Sunday School continued to attend the Family Services although some pupils seem to take the family service as a day off once a month. The prize-giving was held at the family service in February.

A fancy dress evening was held in June and was attended by 25 pupils and well supported by the parents.

A family picnic was also held at Centennial Park in September, at which a number of parishioners attended as well as the Sunday School pupils and their parents.

During October we held our first "Fun Night." The games night was well attended by pupils and their parents. Games were held for all ages, with the primary department in the Y.C.I. room and the Kindergarten in the main hall.

During my absence from October, Mrs Joan Livingston took over the running of the primary department of the Sunday School and Miss Carlene Thompson took charge of the Grocery Stall at the fete. I would like to thank them both for their help.

I would like to thank all who helped on the grocery stall, either in setting up, donations or helping on the day. The grocery stall was again a great success.

Donations were sent from Sunday School and Kindergarten funds to the following organisations:

- Home Mission Society;
- Mission to Seamen;
- C of E Homes;
- The Board of Education;
- Christian Broadcasting Association;
- Dr Barnardo's Homes.

During the year it was decided that the Sunday School would go into recess at the end of each term, to correspond with the school holidays. It was also decided that pupils commencing High School would finish in the Sunday School and would attend church. In conjunction with the pupils attending church the Rector was planning a weeknight gathering.

NOEL CRAGG, Superintendent
