Hon. Secs. Social Reform Committee
Gentlemen

While thanking you for the enclosed notice I must decline to attend. My election by Synod was a mistake on the part of those who voted for me, and of the gentleman who nominated me, as I am not in full accord with the committee on the programme of reform at present outlined. This my nominator knew at the time.

Please accept my resignation from your committee, so that some one else, more in sympathy with the whole of your platform, may take my place.

Believe me

Gentlemen
Yours faithfully
M Willis
