

## AUSTRALIAN CHURCH WOMEN NATIONAL EXECUTIVE

27 November 1996

To All Units

AUSTRALIAN CHURCH WOMEN

*Victoria*

For many years now, because of the close liaison between Asian Church Women's Conference and the International Committee of the Fellowship of the Least Coin, ACWC have been the recipients of very generous grants which have heavily supported our programmes. With the autonomy of ICFLC it is now time for the grant amount to be reduced in line with grants to other organisations. This is not being done in one hit, but a gradual reduction of \$5,000 per year until an agreed level of funding is reached.

It is, therefore, the desire of the ACWC executive to become more self funding. In this regard it is their aim to raise \$US1m in 10 years with the interest of that money being available to fund programmes. All member countries have been asked to support this objective and it is in this regard that the enclosed books of subscriptions are forwarded.

You will note that the amounts asked for are in US dollars. Please disregard this and we will be happy to receive the amounts in Australian dollars!

This fund raising thrust has the support of the ACW National Executive. Please send all money raised in this way to the National Treasurer.

Yours sincerely,

*L. Green*
