No. 64

INTER-VARSITY FELLOWSHIP

AUTUMN, 1964

DAY 1. ABERDEEN 3,000 (60). Pray for the freshers' reception, and the opening meetings of the term. Pray that a deeper prayer life and fellowship in the Union may result from the special prayer and Bible study cells established last term.

Sept. 1. International Friendship Campaign (Aug. 31 - Sept. 30).

T.C.C.U. — SHOREDITCH T.C., EGHAM. This is one of the few all-male colleges left. There have been conversions during the past year, but there is an ever-present danger of self-centredness in the C.U. Prayer is asked for an effective outreach this term, especially among freshers.

INDIA. *Dr. Ruth Harris* (London) and her sister are living in a village in S. India running a clinic and seeking to bring the gospel to the hill people and those in the plain around. She asks prayer for the patients, for Hindus attending Sunday services, for camps held among hill people and for revival in the Koli Hills Church. *Dr. Betty Holt* (London) and *Dr. Irene Leeser* (St. Andrews) are working at a women's hospital at Narsarpur, S. India. Continued prayer is needed for guidance with regard to starting a training school for nurses. Pray for the contacts with the patients who crowd the hospital.

I.V.O.F. — NIGERIA. *Ernest Armitage* (Dublin) and *Victor Ferris* (Bristol) are teaching at St. Paul's College, Zaria. Pray for the witness of the Fellowship of Christian Students in a school where about one tenth of the boys are Muslims. Pray for more graduate teachers for this school and also for the whole of the Northern Region where there are still great opportunities for Christian service. Pray for teachers burdened with many extra duties.

2. ABERYSTWYTH 1,750 (47).

NIGERIA. *Derek Joy* (Cambridge and Oxford) is teaching in the boys' school at Gindiri where he is also careers' master. He asks prayer that the sixth-form boys may seek God's guidance in the choice of careers. *Pamela Allen* (T.C.C.F., Battersea Polytechnic) has had to take responsibility as head of the girls' school as *Lilian Blenko* (T.C.C.U., Goldsmiths) was needed for district work and Bible training. *Pixie Caldwell* (Belfast), also in Gindiri, asks prayer for the 'New Life for All' Campaign, in which all missions are co-operating, planned for the coming months. *Catherine Hodgkinson* (T.C.C.U., St. Mary's) and *Lucille Rose* are both at a school which takes missionaries' children from several societies working in West Africa. Day girls include Muslims and Roman Catholics.

I.V.O.F. — GERMANY. *Jane Beynon* (T.C.C.U., Gloucester D.S.C.) is with the British Families Education Service in Gütersloh. Pray for help in learning to understand the people with whom they are living and working.

3. BANGOR 1,600 (55).

Oct. 3. G.F. Northern Conference, Manchester.

I.F.E.S. — GHANA. The mission planned by the Kumasi C.U. last year had to be cancelled at short notice owing to the referendum and consequent closure of the universities. It is now planned for October 25-31, 1964. It is a great opportunity and the C.U. is strong, but it comes rather early in term.

SUDAN. *Brian and Gillian Lea* (Cambridge and Leicester), working in Omdurman, ask prayer for the leaders of the church in the Sudan. *Philippa Guillebaud* (T.C.C.U., Homerton) was expelled from the Sudan in 1962 but is continuing with Old Testament translation into Bari among Bari-speaking refugees and those working in factories or plantations in and around Jinja, Uganda, where she is now working.

I.V.O.F. — NIGERIA. *Jim and Joan Scott* (Reading and Cambridge) are at Katsina, where he is with the Ministry of Agriculture. Pray for the local church, now standing on its own feet without mission help or support, and of which Jim is an elder. There are the difficulties of a frequently-changing congregation with no local believers won from this Muslim community.

4. BELFAST 4,000 (220).

Sept. 4. T.C.C.U. Leaders' Conference, Swanwick (Sept. 4-8).

T.C.C.F. Annual House-party, Swanwick (Sept. 4-9).

Dec. 4. T.C.C.F. London and S.E. Regional House-party, Mabledon, Kent (Dec. 4-6).

T.C.C.F. — LONDON. A Christian at BRIXTON SCHOOL OF BUILDING has tried to start a C.U. but there has been no response. Several years ago a strong group was in existence. The NORTH WEST POLYTECHNIC C.U. reaches many non-Christians, including several belonging to other faiths. Their programme is ambitious and well balanced, but needs prayer.

NEPAL. *Dr. Denis Roche* (London), working in a small district hospital, speaks of encouragement in the work among T.B. patients. *Dr. John and Dorothy Davies* (Sheffield) are at Tansen hospital where *Mary Cundy* (London) is almoner. T.C.C.U. — SIDNEY WEBB DAY COLLEGE, WESTMINSTER. There is contact with only one individual here, and little or no corporate activity. Pray that a witness will be established despite the many difficulties of a completely non-residential college.

ETHIOPIA. *The Rev. Colin Maunsell* (Cambridge) asks prayer for the production of Christian literature and for its distribution over the very few and difficult roads by means of a book van operating throughout the country. Current projects include a bi-monthly magazine, S.U. notes and a series of basic books on Christian doctrines and practice. *Alister Fraser* (Cambridge) also asks prayer for revival among Christians and for the Ethiopian 'Keswick' held in September. Pray for a work of the Spirit in the ancient Orthodox Church. *The Rev. Eric Payne* (Cambridge) gives thanks for signs of such working and asks prayer for the students he teaches in Bible School.

6. BRISTOL 3,700 (130).

Nov. 6. Northern Clinical Medicals' Conference, Harrogate (Nov. 6-8).

I.F.E.S. — INDIA. Two new developments in the Indian I.V.F. are cause for both praise and special prayer. Firstly a Theological Students' Fellowship has been started, its aim being especially to help those in non-evangelical Theological Colleges. Secondly there is a new missionary concern and a missionary aim has been added in the Constitution of U.E.S.I. This needs to be translated into action on a larger scale.

SOUTHERN RHODESIA. *J. F. Howard Beckett* (Oxford and London Bible College) is lecturing at Rusitu Bible Institute which has about twenty students, men and women. During training they have many opportunities for evangelism and for a teaching ministry in the out-station churches. Pray for many more devoted Christians to come forward for training. Pray earnestly for unity in the country and for the government as it faces such great problems.

I.V.O.F. — FRANCE. *Margaret Murrell* (Leicester) is teaching for the

GRADUATES' FELLOWSHIP. The Christian Education Fellowship is holding several day conferences in November and the University Staffs' Section and the Social Workers' Christian Fellowship are meeting during the G.F. Annual Study Conference. Pray for groups preparing papers as a basis for discussion at these conferences, and for other G.F. local groups meeting to work out the implications of biblical teaching to professional problems and current situations.

Pray also for the struggling university C.U.

I.V.O.F. — NIGERIA. *The Rev. Stephen Smalley* (Cambridge) is at the University of Ibadan. Pray for the carrying of a heavy teaching programme, for pastoral work among a large number of students, and for the Christian witness of the students themselves.

8. CARDIFF 2,000 (75). The mission (Nov. 12-17) is the focal point of the witness this term. Pray for the Rev. Raymond Turvey as he leads, and for subsidiary meetings led by assistant missionaries. Praise God for a few conversions through the Welsh meetings last year, but pray for further contact and better attended meetings.

T.C.C.F. — SOUTH EAST. CANTERBURY TECHNICAL COLLEGE now has an established C.U. though it is still very small. The C.U. at the ART SCHOOL is stronger, but several are hesitant about signing the basis of membership. Good groups used to exist at GUILDFORD TECHNICAL COLLEGE and MEDWAY COLLEGE OF TECHNOLOGY, but at the moment they are in need of dedicated and capable leadership.

MALAYSIA. *Annette R. Harris* (London) gives praise for opportunities for Vacation Bible Schools for primary school children during the holidays and for many invitations for adult Bible Classes. She asks prayer over the possibility of six months' Bible teaching (October 1964 to March 1965) among Chinese Christians in West Kalimantan, Indonesia. *Malcolm Ryland-Jones* (Cambridge) in Singapore asks prayer that he and his wife may obtain sponsorship and visas into Indonesia. He has opportunities for Bible teaching among English-speaking young people in Singapore.

I.V.O.F. — ARGENTINE. *The Rev. Michael Vernon* (Cambridge and

Clifton) is chaplain to two English communities in Hurlingham and Villa Devoto. Pray for this work and also for the possibility of starting Spanish work. Pray for definite conversions and for the English-speaking young people who show little interest. Pray for some camps run under the auspices of the Scripture Union.

9. DUBLIN 3,000 (65). Pray that last year's apparent unfruitfulness in evangelism may be overcome, and that as the Union increases in spiritual depth so the sense of fellowship may grow. Pray, too, for a witness in University College, Dublin (R.C.), where Christian freshers are badly needed.

10. DUNDEE 1,400 (42).

I.F.E.S. — MALAYSIA. The I.V.C.F. here is thankful that it is fully self-supporting financially and that the work is progressing. A number of young Malaysian Christian graduates have offered for professional work in remote areas where the church is very weak or non-existent, some are already doing pioneer Christian work in their new posts. Pray that this sacrificial spirit of giving and going may become the normal thing and may spread into the churches generally. There are a good many young converts in some of the groups.

GHANA. *The Rev. Peter and Laura Barker* (Oxford and T.C.C.U.) are in Accra where Peter is minister of a Presbyterian Church in a housing estate. He also edits a monthly newspaper which sells 20,000 copies a month in all churches. *Nigel Sylvester* (Cambridge) is returning to the Scripture Union work in Ghana after leave. Pray that local groups may have an increasing influence in the spiritual life of their district.

RWANDA. *The Rev. Ian Leakey* (Cambridge) is in England on leave. GHANA. *John and Kathleen Callow* (Cambridge), working with the Wycliffe Bible Translators, ask for continued prayer for help in gaining facility in the language of the hitherto untouched village district where they are working. Pray for continual spiritual renewal and dependence on God to work among these people. Pray also for visits to dispensaries on tea estates where the labourers are very needy both medically and spiritually. Pray for continued good health while spending about twenty days a month on safari.

25. OXFORD 9,000 (270). The preterminal conference at High Leigh is an important springboard to the term. The speakers are Dr. J. I. Packer, the Rev. Michael Baughen and the Rev. David Watson. A special evangelistic weekend during the term is being arranged with Humanists specially in mind. Most of last year's mission converts are growing well and some are already active in evangelism.
