Rev. S. Taylor

Dear Sir

I have to thank you for your letter in which you explain the work which your committee is expected to do, and suggest that my resignation be withdrawn.

On the subject of the Drink Evil I am not in accord with the objection of your committee. "No licence" is, in my opinion, worse than a useless remedy for intemperance, it is a positively injurious proposal. It aggravates the evil instead of curing it, and, holding, as I do, this view, it seems to me necessary that my resignation should stand.

Again thanking you for the consideration shown me I am Dear Sir

Faithfully yours  
M. Willis
