### General Provenance Note

This series is based on a common format.<sup>①</sup> Nearly all photographs are positives and only one set of negatives exists (series 6, item 29).

No provenance could be found in most instances. When the provenance is known, a note to that effect is made on the relevant item description sheet. However, a number of basic sources can be surmised:

a) Moore College Some of the photographs were created during the normal course of work at the college. These include series 1, 4, 9 and 10.

b) Photographs depicting activity, clergy and buildings in the Sydney Diocese and beyond (to other dioceses and mission fields). These have come into the archive in a piecemeal fashion via donations by Moore College staff and others connected with the college. For example:

Rev. Frank Cash, who was made a priest in 1914 and who remained interested in the college until his death in 1964.<sup>②</sup> His mark can be seen in photographs which have been painted. These include series 3, items 13, 39 + 2 and 87 and series 7CA, items 42, 125, 201 and 203.

P. W. Gledhill, Anglican Historian, whose papers have been donated to the archive. See series 8, items 3, 4 and 5.

Rev. T. C. Hammond, Principal of Moore Theological College, 1936-1954. See series 3, item 4 and Guide to the Papers of T. C. Hammond, by Lee Holland p. 14 and 15

Rev. D. B. and D. J. Knox, especially D. B. Knox, who was Principal of Moore Theological College, 1959-1985.<sup>③</sup> See series 3, items 33, 34, 44, 45 and 46.

Rev. Nathaniel Jones, Principal of Moore Theological College, 1897-1911. See series 3, items 8, 9, 10, 11 and 12. See also A Guide to the Papers of Nathaniel Jones, by Noela Bajjali.

Many other donations have been made, and photographs are held in the archive which are created as a product of the work of the Very Rev. H.L. Loane (series 4, item 7), Rev. D.J. Davies (series 3, item 85), Rev. H. Powys (series 3, item 82), Rev. W. Holliday (series 2, items 5-13), Rev. R. Butler (series 2, item 37) and Rev. R.B. Robinson (series 3, items 34 and 50, Series 7CR, items 128, 156 and 279).

e) The Church Record Series (7CR) is a collection of photographs used in the Australian Church Record between 1957 and 1967. The provenance of these is complicated because the photographs are gathered from other sources by the Church Record editors. For example, series 7CR, items 42, 125, 201 and 203 are Church Record photographs which originally belonged to Frank Cash.

Originally the photographs had no discernible order because of the piecemeal nature of their donation to the archive. However, ten subseries based on subject have been created and a loose chronological order has been imposed where possible.

### Notes

- ① The format is bound by common preservation and storage needs. It is requested that the photographic images be never directly handled and that the collection be stored off the floor and away from heat, moisture and fluctuating humidity.
