My dear Mr Jones,

When you were here two of our Clergy in the near suburbs needed Catechists and I did hope that some arrangement might be made to secure men who would also be Students of Moore College, but they have both filled up their vacancies. I have had a talk with the Dean about it - but he can see no way just yet to help them - Mr Archdall would give either man board and lodging and £30 a year, if he would come to him and work as you propose, but

he could not afford more -

I have not yet talked
over the matter with another
Brother clergyman who
might help - If there is
more daylight in the
matter in a few weeks, I
will let you know -

Mrs Schleicher is leaving
Moore College and she
would like to sell to the
new Principal a drawing
room carpet and window
blinds? would you like
her to leave them until
you come over, that you
might see them -

I thank God, dear
friends, that He is sending
you over to us, and I
believe that there are

great purposes of blessing
for you in connexion
with Morrell College —

I am
Yours sincerely
J. P. Hawley

You ought to try and
get the Bishop of Melbourne
to agree to accept the
Morrell College Certificate as
a sufficient preliminary to
his Lordship's examination.

Try & get him to do this, have
a talk with him on
the subject yourself if you
possibly can —
