The Rev Ronald Walker was inducted Rector of the parish on Friday 21st October 1949, by the Venerable Archdeacon Denman, and he has continued ever since to discharge his duties in an enthusiastic and faithful manner.

No doubt interesting details have been omitted, but the facts recorded of the past history of the church and parish are sufficient to show the good hand of God has been upon this parish, and should be of interest to the present generation who deem it a privilege to

worship in this church.
