Dear Jones

Received your book for
breakfast & read it through immediately
afterwards. Thank you for it. It is
good & I should think likely
to supply a need. I wish you
had had a better printer &
an English publisher. Why not
offer it to some English house?
Try the S.P.C.K. for instance or Hodder
& Stoughton or some such publisher.
Send a copy to Ch. Army Training Home
Edge ware Rd, & to The Warden Lay
Workers Training College, 384 Commercial
Rd Stepney & see how it appeals
to them. The work is very compact
lucid & up to date. If it were
properly floated I believe it
should have a prosperous course.
And this is what I wish - praying
God's blessing on author & book -
and assisting Squire of
H.D. for 3 months.

Yours sincerely
Wm Carey Ward
