matters, I saw a representative of the firm of
Bebarfald and Co. and they claim that the picture
complained of is a work of art and is the copy of
a painting for which some thousands of pounds were
given by one of the British galleries.

HON. LAY SECRETARY:

A. J. WILLGOSS.

ORGANISING SECRETARY:

F. H. MOLESWORTH.

With regard to the Opium Den at Willoughby
in the Colonnade
I brought the matter up, but a police report showed that
the account was greatly exaggerated and if the police
report is anywhere near true although the features
connected with it were objectionable they were not
quite as bad as we thought, and in any case it has
been removed from the district.

Sorry I have not been able to meet you but
I have been so dreadfully busy.

Yours faithfully,

F. H. Molesworth
