Dear Jones,

Glad to get your letter.

No, it was not my baby.

Shall be very interested to
receive your book. Thank you
in anticipation. I wish it

success & God's blessing.

We are home this time I
suppose for good. Sister's
heart was rapidly being
undermined by the late damp

of Toronto. Had to give up
everything but all will be
well. at the thought of taking
work with Squires Chavasse's
Mother-in-Law at Richmond.
Another less immediate reason
for removal was that I wanted
my sister to be in a position, if
necessary, she could make her
own living at her sculptural work.
First wife & family & self
are well. I have been following
your doings & sayings in your
church paper.

With love
Yrs very sincerely
