19th Nov. 1979.

MARY MRS. MARGARET WATKINS.

Margaret had been a member of Brynning Church for 59 years, since her father had become the minister. Music was a great interest, and her wide knowledge and experience gave her a high standard of performance, and this was an expression of her personality. For many years she was church organist and at times choir leader. She attended numerous meetings and as a delegate she would return with a careful report of discussions and decisions taken. She had been a member of the N.S.W. Women's Inter-Church Council since its inception in 1922 and felt it a truly ecumenical venture. She was involved in the "Whisper" activities. She represented the Congregational Church, then from 1977 the Uniting Church, on the State Unit of what became Australian Church Women, also in 1977. She reluctantly declined to nominate this year owing to ill-health, as she felt it wasn't fair to retain her seat when unable to attend. She still hoped to be able to attend some meetings, and hoped to receive our Newsletters. To give thanks to God for her life and witness.
