

THE KING'S CALL TO PRAYER.

His Gracious Majesty has requested all the peoples of his far-flung Empire to observe Sunday, May 26th, as a day of prayer to Almighty God for deliverance from the serious menace that threatens the peoples of the world. The events which are daily happening in France are fraught with the most tremendous consequences to the whole of mankind.

There never was a time when the precious heritage of our civilization was more seriously threatened.

All that has been built by ages of devoted service under the influence of the high ideals of Divine truth is now assailed.

We have much occasion for contrition because of our serious defects, but in the abounding mercy of God He has permitted us to stand for the eternal principles of His righteousness.

It is not our merits but His grace that permits us to withstand rather than foster those disintegrating forces that spread ruin and desolation both moral and material.

The God Whom we seek to serve has assured us that if we call upon Him in the day of trouble He will deliver us.

In the strength of this promise, and in full confidence in the ultimate triumph of those principles of truth and justice which we espouse, we invite our people to approach God in prayer.

We are confident that all who value Spiritual realities and who believe that the Most High ruleth in the kingdoms of men will enter His temples and call upon Him.

If we come in faith, nothing doubting, He will meet with us and through us effect a Great deliverance to the glory of His Name.
